This bill as amended removes the prohibition on the use of state funds to implement or operate the prescription drug monitoring program to be carried out by the Department of Health and Human Services and the Nebraska Health Information Initiative or its successor public-private statewide health information exchange.

The bill has no fiscal impact. Funds will be provided at the direction of the Legislature. Last year \$500,000 in General Funds was appropriated for FY 14 and FY 15 for the health information initiative. The Appropriations Committee provided an additional \$500,000 General Funds in FY 15 in their recommendations this session.
